

Our services are completely **FREE** for all students and Universities. Our internship offers are supported as students **receive benefits in the form of accommodation, paid utility fees and commuter travel** during the entire internship period, which is for a minimum duration of 6 months.

I am contacting you today regarding a **Computer Science, Engineering and Life Sciences** related internship offer. Please click on the link below to see the offer online and share it with your students.

Engineering:

We are working closely with our UK host companies to have **full flexibility** when it comes to **start dates, transition periods for isolation, working remotely** either from your home country or in the UK and **deferring already agreed internships** to start on later dates.

Just to remind you, **we don't charge any fee for students or universities** and **accommodation (utility bills and internet access included) and commuter travel** are provided to every ESPA intern for the entire length of their internship.
